

ClearVac[®] Smoke Evacuation Pencil

ClearVac®

The "Clear" solution for a Smoke-Free O.R.

The ConMed ClearVac® is:

Comfortable: Advanced styling of attachment cradles the electrosurgical pencil and creates an ultra-comfortable grip. Lightweight tubing takes the bulkiness out of these smoke evacuation pencils.

Simple to Use: Connects directly to the AER DEFENSE™ or System 1200™ smoke evacuation filters.

Ready to Go: Prepackaged and sterile with GoldLine® rocker switch, push button and foot control pencil configurations, or with just the ClearVac® and tubing set.
