

Adjustable Tables

Whether you need a Crank, Pneumatic or Electric Base, ESI can provide adjustable table bases to fit most work surface shapes, sizes and budgets.

MEETS THE STANDARDS OF
BIFMA & HFES*

Premium Electric

Premium Performance

Exceptional height range, smooth and quiet operation, concealed crossbar design. Meets the stringent BIFMA G1-2002 and HFES 100-2007 specifications*

Available Upgrades

- Digital Controller with three programmable memory settings.
- Set of casters for mobile conversion

Premium Electric Base Features

Available in 2-Leg and 3-Leg configurations
 Concealed crossbar provides exceptional clearance
 3-leg bases available in 90° and 120° configurations
 Height Range: 22" - 48"
 Total Travel Range: 26"
 Lifting Capacity: 2-Leg: 220 lbs. / 3-Leg: 300 lbs.
 C-Leg configuration
 Speed of Adjustment: 1.5"/second
 Control pad features up/down switch

Standard finish is silver
 Meets BIFMA and HFES 22" lowest height adjustment
 Rated Voltage: 120V, 60hz
 Max Power Consumption: 10 Amps
 Rated Power: 200 W
 Standby Power: < 0.3 W
 Equipped with overload protection
 UL/cUL listed

Value Electric

Easy Value

The Value Electric base boasts adjustable crossbars for easy installation and modification.

Available Upgrades

- Digital Controller with programmable memory settings.
- Mobile Foot with integrated rollers

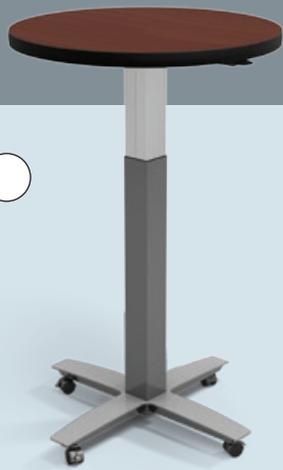

Value Electric Base Features

Available in 2-Leg configurations only
 Adjustable crossbar can be adjusted in the field
 Concealed crossbar provides exceptional clearance
 Height Range: 24.5" - 50.2"
 Total Travel Range: 25.7"
 Lifting Capacity: 220 lbs.
 T-Leg configuration
 Speed of adjustment: 1.42" per sec

Control pad features up/down switch
 Available in silver finish only
 Rated Voltage: 120V, 60hz
 Standby Power: < 0.4 W
 Equipped with overload protection
 cTUVus certified

X-Base

X-tra Flexibility

The X-Base series offers both stationary and mobile options for virtually any environment.

- Pneumatic height adjustment
- Available in two base sizes and compatible with round or square work surfaces

X-Base Features

Single Post X-Base configuration	Lifting Capacity: 0 - 50 lbs.
Height Range with glides: 26" - 43"	Span of 24" Base: 23"
Height Range with casters: 28" - 45"	Span of 30" Base: 29"

24" mobile X-Base shown with 24" work surface & optional ORION tablet mount (see page 10)

Pneumatic

The Latest Trend in Green Office Furniture

- Trigger-style pull prevents accidental engagement. Safer than paddle-style controllers.
- Counterbalanced columns provide synchronized height adjustment.

Pneumatic Base Features

Available in 2-Leg configurations only	C-Leg configuration
Concealed crossbar provides exceptional clearance	Standard finish is silver
Height Range: 27" - 47"	Lifting Capacity: 70 lbs.
Total Travel Range: 20"	

Crank

No Power Required

- Affordable Adjustability
- Available in 2-and 3-leg configurations
- Just 6 cranks per inch for rapid adjustments
- Handle retracts under work surface

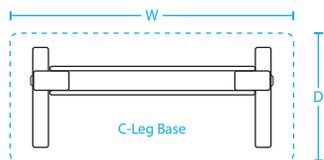

Crank Base Features

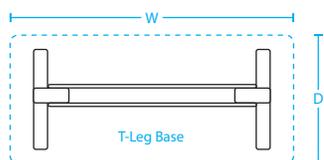

Available in 2-Leg and 3-Leg configurations	Crank handle can be installed on left or right side
Height Range: 27" - 45"	Speed of Adjustment: 6 cranks/inch
Total Travel Range: 18"	3-leg bases available in 90° and 120° configurations
Lifting Capacity: 2-leg: 250 lbs. / 3-leg: 300 lbs.	Standard finish is silver
C-Leg configuration	
Crank handle is located in the front and can be retracted under work surface

Ordering Work Surfaces

Laminate Colors

Standard laminates ship with matching 3MM edgebanding. Please indicate laminate choice by adding the 2-letter code at the end of the Work surface Part Number.

For example to order a work surface with Designer White:

2R3624DW

Non-standard laminate colors are available for an up charge. May not be available with matching 3MM edgeband. Call for pricing.

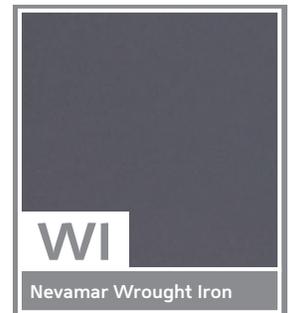

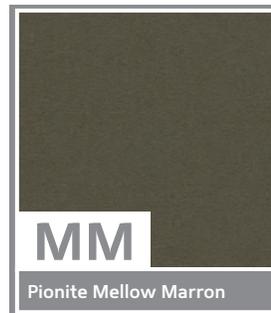

Standard Work Surfaces

ESI offers rectangular work surfaces for 2-leg bases, along with square and round surfaces for x-bases.
