Preconfigured Double Column Catheter Procedure Cart with Tambour Door #MS8140CATH-7

The MS8140CATH-7 Catheter Procedure Cart is a double column cart with tambour door specifically designed for use in a cath lab, or an examination room in a hospital where diagnostic imaging equipment is used to support the catheterization procedure

Preconfigured as follows: left column, top to bottom, one catheter slide shelf with 3 slides; right column, top to bottom, 5ea 1/2" trays, 5ea 2" trays, 4ea 4" trays, 2ea 8" trays.

Assembled Cart Dimensions:

- 80.5" H x 42" W x 27.9" D
(204.5 cm H x 106.7 cm W x 70.8 cm D)
- Cart net weight: 332 pounds (150.6 kg)
- Approximate shipping weight: 462 pounds (209.6 kg)

Construction:

- Painted steel cabinet, 20-gauge powder-coated steel

Advantages and Benefits:

- The significant amount of catheter sizes and packaging techniques has made organizing and managing this critical area an extremely difficult task. Harloff offers a solution with a high density Catheter Storage System, which provides quick access and retrieval of catheters and related supplies.
- Equipped with adjustable Cath Slide Shelf, consisting of three full extension catheter slides, each slide has five hooks, and each hook can hold up to 15 catheter packages.
- Each Cath Slide features a pair of ball bearing slides to withstand the pull force of removing catheters from hooks; full extension brings the catheters into full view for quick access and visual inventory of remaining stock.
- Cath Slide Shelf can be mounted in top position or further below to create a storage shelf above.
- The MS8140CATH-7 stores long stent boxes, balloons, guidewires, and other supplies efficiently for easy access with our specially-engineered catheter and interior side panels. The maximum package length is 61 inches.

Standard Features:

- One Catheter Slide Shelf, featuring three slides and five hooks per slide, can be mounted in a lower position to create storage above for over-sized items.
- Cath slides consist of a pair of ball bearing drawer slides to withstand the pull force of removing catheters from hooks.
- Roll-up tambour door with key lock allows access to supplies during clinical hours.
- Integrated push handles are flush with cart side
- Corner bumpers with premium five inch casters, full swivel – two with brake
- Standard color is Sand. Also available in 16 other colors, using durable hard-baked powder coat finish
- Ships fully assembled with twelve year warranty
