

Convenience Made Simple

Harmar ramps are an easy and affordable solution for managing access across thresholds and small elevation changes. Our solutions work indoors and out for residential, commercial, and vehicle applications. Choose from a wide range of lengths, widths and weight capacities.

Single-Fold Ramp

Aluminum Threshold Ramps

Lightweight aluminum ramp improves access over almost any doorway threshold with a range of sizes that simplify entrance over thresholds from ¼" to 4." Pre-punched holes at the top of each ramp make installation quick and easy. 3-year warranty. **Capacity: 600 lbs. Width: 32"**

Part Number	Description	Weight
AR808	8" L X 32" W Threshold Height ¼" - ½"	3 lbs.
AR810	10" L X 32" W Threshold Height ½" - ¾"	4 lbs.
AR812	12" L X 32" W Threshold Height ¾" - 1 ½"	5 lbs.
AR816	16" L X 32" W Threshold Height 1 ½" - 2"	6 lbs.
AR824	24" L X 32" W Threshold Height 2" - 4"	12 lbs.

Rubber Threshold Ramps

A simple solution smoothes uneven door thresholds; easily portable to be used in different areas. 1-year warranty. **Capacity: 850 lbs.**

Part Number	Description	Weight
AR201	1.5" Tall Threshold Ramp (Rubber)	14 lbs.
AR202	2.5" Tall Threshold Ramp (Rubber)	40 lbs.

Adjustable Threshold Ramp

Unique design with adjustable feet customize fet for thresholds up to 6"; works with doorways that swing in or out. Durable welded construction; slip-resistant grooved aluminum. **Capacity: 600 lbs. Width: 32" or 48"**
Threshold Height: Adjusts 1" to 6"

Part Number	Description	Weight
AR510	12" L 32" W; Adjusts 1" to 2"	6 lbs.
AR511	12" L 36" W; Adjusts 1" to 2"	12 lbs.
AR512	24" L 32" W; Adjusts 2" to 3-1/2"	12 lbs.
AR513	24" L 36" W; Adjusts 2" to 3-1/2"	12 lbs.
AR514	36" L 32" W; Adjusts 3-1/2" to 5"	12 lbs.
AR515	36" L 36" W; Adjusts 3-1/2" to 5"	12 lbs.
AR516	48" L 32" W; Adjusts 4" to 6"	12 lbs.
AR517	48" L 36" W; Adjusts 4" to 6"	12 lbs.

Single-Fold Ramps

Extra lightweight and engineered for amazing strength with durable welded construction. Sets up quickly and folds in half lengthwise to be carried like a suitcase with metal handle. Grooved aluminum finish provides slip-resistance. **Capacity: 600 lbs. Width: 30"**

Part Number	Description	Weight
AR102	2' Single-Fold Ramp; Grooved Aluminum	10 lbs.
AR103	3' Single-Fold Ramp; Grooved Aluminum	15 lbs.
AR104	4' Single-Fold Ramp; Grooved Aluminum	20 lbs.
AR105	5' Single-Fold Ramp; Grooved Aluminum	24 lbs.
AR106	6' Single-Fold Ramp; Grooved Aluminum	28 lbs.
AR107	7' Single-Fold Ramp; Grooved Aluminum	34 lbs.
AR108	8' Single-Fold Ramp; Grooved Aluminum	46 lbs.

Multi-Fold Ramps

One of the most versatile access ramps available. Ramp can be separated into two pieces for easy carrying; each piece folds in half and secures with Velcro to be carried by the metal handle like a suitcase.

Patented hinge design provides easy operation and eliminates pinch points while adding strength. Anti-slip, high traction surface on aluminum. Built-in extended hook ensures full 800 lbs. capacity. Includes safe-slope level.

Capacity: 800 lbs. (AR312 - 600 lbs.) Width: 30"

Part Number	Description	Weight
AR306	6' Multi-Fold Ramp; Traction Tape	35 lbs. ea (2 sections)
AR307	7' Multi-Fold Ramp; Traction Tape	39 lbs. ea (2 sections)
AR308	8' Multi-Fold Ramp; Traction Tape	52 lbs. ea (2 sections)
AR310	10' Multi-Fold Ramp; Traction Tape	63 lbs. ea (2 sections)
AR312	12' Multi-Fold Ramp; Traction Tape	73 lbs. ea (2 sections)
