Disposable Continence Care Products

# INDIVIDUALS, INSPIRATION AND INNOVATION— Our Framework For Thought And Action

## INDIVIDUALS

A culture change is sweeping through long term care. It's about dignity, respect and individualized care. Medline salutes this movement and every effort to keep it moving forward. This viewpoint has always been part of Medline's philosophy when it comes to continence care. For us, everything begins with an individual. A person. A husband, a parent, a sister. A fellow human being with a condition that impacts so many people globally that will require our collective effort to provide solutions for a better life.

By combining  
better products  
with educational  
tools and  
resources,  
we can help  
foster a **culture  
of change** that is  
designed with each  
individual's needs in mind.

## INSPIRATIONS

Our inspiration—what makes us proud—is finding better ways to serve people. Unique needs give us new challenges and inspire our drive for better understanding and better ideas. Many of our responses are on the pages of this catalog. It's why our product line is so broad and our clinical programs so thorough. Because we're convinced there's a better way to improve lives and address every continence care need—whether it helps the wearer, caregiver or institution. As the changing culture of care evolves, Medline will be out front, inviting more and more people to join us and inspire us. Your passion for promoting care while embracing culture change inspires us to provide solutions.

## INNOVATIONS

Innovations begin with you. We are committed to bringing innovations that provide solutions and improve quality of life. As a market leader, we are excited to bring you several innovations such as our FitRight™ technology, Ultrasorbs®, and Restore®, the brands you can rely on for the best care possible. Our new state-of-the-art manufacturing facility in Georgia exemplifies our commitment to new innovations and technologies.

Innovations don't stop with products! We are committed to provide you clinical resources and education such as Medline's Continence Management Program to empower care providers.

## PROMOTING CONTINENCE REQUIRES THREE INTERCONNECTED, SUSTAINABLE ELEMENTS.

Medline's systematic approach is designed to support your efforts to promote continence and provide superior care. Our three-part continence management program addresses three interrelated and equally important areas: Product Technologies, Clinical Resources, and Cost Management.

## DISCREETID SYSTEM

DiscreetID helps you preserve privacy and dignity for those in your care by tactfully making their continence care requirements known with a symbol. The animal/color combination helps ensure the right products and size go to the right person. Chart, bedside or name card stickers—free from Medline—match up with the package for just the right product and size, no one else has to know.

# FITRIGHT

## Brief Technology

PROVIDES A **BETTER FIT.**

PROMOTES **comfort** AND **dignity**

### 1. FITRIGHT DESIGN

Promotes a discreet, comfortable, garment-like fit. **Enhance patient dignity, mobility and independence.**

### 2. 4D CORE WITH ODOR PROTECTION

Wicks fluid away quickly to promote dryness and help maintain skin integrity. **Improve patient dignity and comfort.**

### 3. SOFT ANTI-LEAK GUARDS

Reduce leakage and improve containment. **Restore patient confidence, impact facility utilization.**

### 4. SKIN-SAFE CLOSURES

Provide secure, safe and repeated refastenability. **Improve staff efficiency, enhance patient comfort.**

### 5. ULTRA-SOFT CLOTH-LIKE BACKSHEET

Provides a discreet, garment-like, natural feel. **Restore patient dignity and confidence.**

# CULTURE CHANGE TOOLKIT

## Tools for Change

Medline provides you the tools to teach and inspire staff and residents to embrace culture change. We'll provide these materials for your facility when you trial or implement FitRight.

### Resident and family care cards:

Provide this card to residents and family to open a new line of communication and educate them about FitRight. At the same time, you're demonstrating care and respect to them.

### Culture change posters:

Use these posters in your facility to help staff, residents and family understand culture change and how the FitRight brief can help.

**Lapel pins:** Award these pins to your staff for embracing culture change and individualized care through FitRight.

# ULTRASORBS OR

PREMIUM OR DRY SHEET

## ADVANCED MOISTURE MANAGEMENT TECHNOLOGY FOR THE OPERATING ROOM

- Evidenced-based technology proven to reduce the incidence of hospital-acquired pressure ulcers\*
- #1 selling drypad technology in hospitals
- Ultrasorbs AP SuperCore® offers protection against moisture—ideal for fluid intensive procedures
- AquaShield film offers superior leakage protection to reduce cross-contamination and risk of infection
- Breathable backsheet technology ideal for under-patient warming devices that help maintain a normal core body temperature

CHOOSE THE BEST.

CHOOSE **ULTRASORBS OR** DRY SHEET.

# ULTRASORBS ES

EXTRA STRONG PREMIUM DRYPAD & DRAWPAD

## THE POWER OF ONE STRENGTH, DRYNESS, & ABSORBENCY ALL-IN-ONE

The same reliable and clinically proven Ultrasorbs AP advanced technology for superior dryness and performance.

- Patent-pending LiftSupport backsheet lets you lift, move and position up to 325 lbs.
- Avoid potential pressure points from stacks of pads, linens and drawsheets—one low-profile Ultrasorbs ES does it all

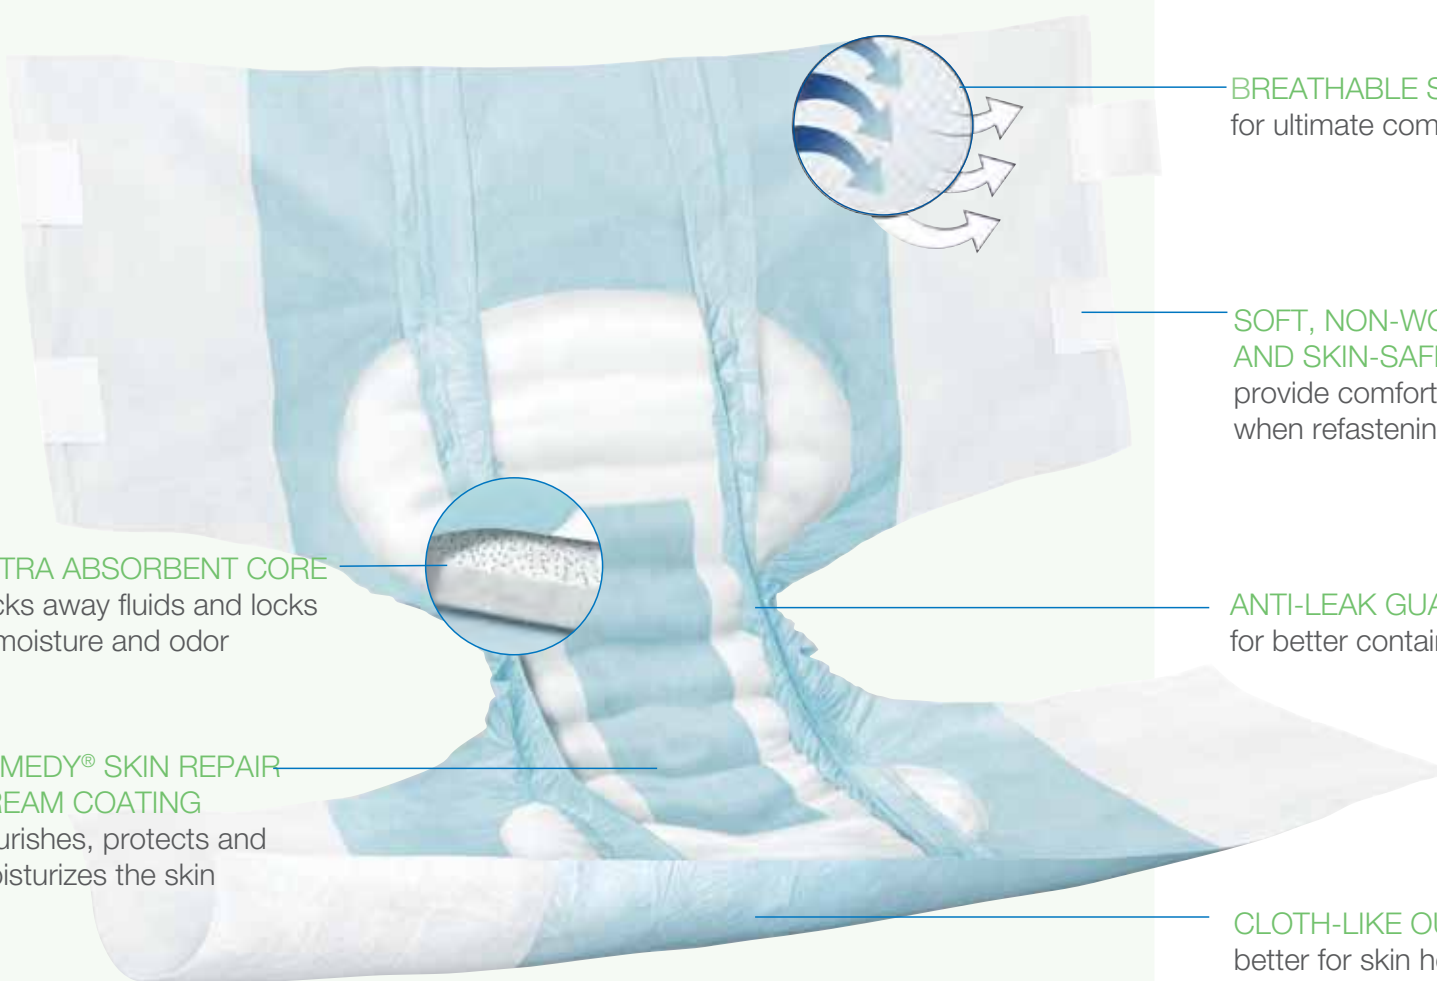

EXTRA **STRONG**. EXCEPTIONALLY **SMART**.

ITEM NUMBER	DESCRIPTION	PACKAGING
USAP2436ES	Ultrasorbs ES, 24" x 36" (61 cm x 91 cm)	60/cs, 10/bg
USAP3136ES	Ultrasorbs ES, 31" x 36" (79 cm x 91 cm)	40/cs, 10/bg

# RESTORE®

## Premium Adult Briefs

The diagram illustrates the internal structure of the adult brief. A central cutaway reveals the 'ULTRA ABSORBENT CORE' which is shown as a thick, textured layer. To the right, 'BREATHABLE SIDE PANELS' are depicted with curved arrows indicating air flow. Below the core, 'ANTI-LEAK GUARDS' are shown as a series of overlapping, wavy layers. At the bottom, the 'CLOTH-LIKE OUTER FABRIC' is shown as a soft, textured material. On the left side, 'SOFT, NON-WOVEN TABS AND SKIN-SAFE CLOSURES' are shown as white, rectangular patches. A circular inset on the left side of the core shows a cross-section of the 'REMEDY® SKIN REPAIR CREAM COATING' which is a thin, dotted layer.

**ULTRA ABSORBENT CORE**  
wicks away fluids and locks  
in moisture and odor

**REMEDY® SKIN REPAIR  
CREAM COATING**  
nourishes, protects and  
moisturizes the skin

**BREATHABLE SIDE PANELS**  
for ultimate comfort and skin care

**SOFT, NON-WOVEN TABS  
AND SKIN-SAFE CLOSURES**  
provide comfort and security  
when refastening

**ANTI-LEAK GUARDS**  
for better containment and protection

**CLOTH-LIKE OUTER FABRIC**  
better for skin health

# SKIN CONTINENCE CARE

## IN ONE innovative PRODUCT

The RESTORE® brief addresses two major incontinence issues: the need to keep skin dry and the need to protect skin integrity. It uses a unique dual core that wicks away moisture and provides extended protection. Super absorbent polymers (SAP) trap liquids deep inside the core and a high-tech acquisition layer in the lining helps pull fluid away from the body to help protect the skin.

To help protect skin integrity, a layer of Remedy Skin Repair Cream has been laid into the brief. A proprietary blend of antioxidants, amino acids, vitamins and dimethicone helps nourish and soothe fragile skin.

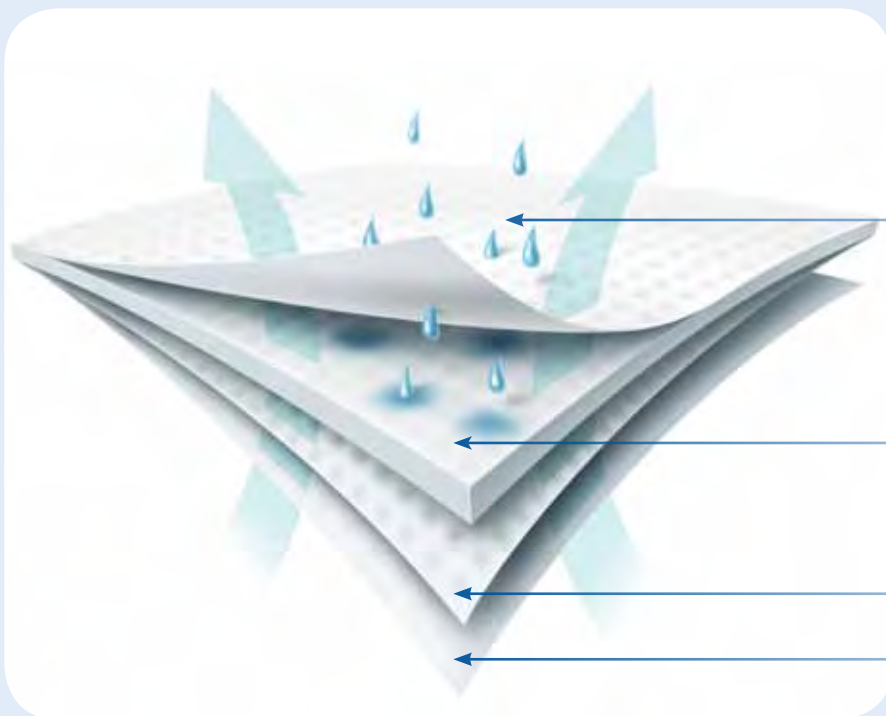

ITEM NUMBER	DESCRIPTION	COLOR	PACKAGING
RESTOREMD	Medium, 32" - 42" (81 cm - 107 cm)	White	96/cs, 16/bg
RESTORERG	Regular, 40" - 50" (102 cm - 127 cm)	Purple	80/cs, 20/bg
RESTORELG	Large, 48" - 58" (122 cm - 147 cm)	Blue	72/cs, 18/bg
RESTOREXLG	X-Large, 59" - 66" (150 cm - 168 cm)	Yellow	60/cs, 15/bg

# DRYPADS

## HIGH-TECH DRYNESS

DELIVERS superior care, BETTER OUTCOMES

**Soft, Non-Woven  
Topsheet** –  
softer against skin for  
increased comfort

**Advanced SuperCore®  
Absorbent Sheet** –  
thermo-bonded to provide  
better pad integrity and  
superior skin dryness

**AquaShield Film** –  
traps moisture, providing  
better leakage protection

**Innovative Backsheet** –  
air permeability means  
better skin comfort

## DRYPADS

Recommended for individuals:

- with heavy to severe urinary incontinence or wound drainage.
- who are bedridden.
- who are high risk for skin breakdown.
- who are receiving low air-loss mattress therapy.
- during open-airing

Ultrisorbs drypads are in a class by themselves. No other product on the market today has the advanced technology, strength, air permeability and dry-to-the-touch feel of Ultrisorbs. Even more important, only Ultrisorbs is clinically proven to maintain skin integrity to help avoid pressure ulcer development.\*

### HELPFUL HINTS

- Use one drypad at a time.  
Ultrisorbs offer superior dryness and absorbency to eliminate the need for multiple pads.
- Drypads are disposable and not intended to be laundered.
- Ultrisorbs are available in five sizes for different uses.
- Ultrisorbs UF drypads feature an antimicrobial agent for odor control.
- Ultrisorbs ES drypads provide superior strength up to 325 lbs, for ease of repositioning.

\*Shannon, R. LaJoie, J. Economic Impact of Ultrisorbs® AP Absorbent Pads In Prevention of Hospital-Acquired Pressure Ulcers. Global Health Economic Projects, LLC and New York Methodist Hospital, Brooklyn NY. March 2009.

## ULTRASORBS AP

The original—and still the only—clinically proven drypad

- **Clinically shown to help maintain skin integrity** as part of an overall pressure ulcer prevention program<sup>1</sup>
- **Extra-large patented<sup>2</sup> SuperCore®** draws in moisture, locks it away from the skin and feels dry to the touch in just minutes
- **AquaShield film** provides leakage protection that mean fewer linen changes- no double-padding needed!
- **Lies flat when wet** thanks to SuperCore technology, without bunching, swelling, or disintegrating
- **Air-permeable** for skin health and added patient comfort
- **Effective for use with low air loss mattress therapy-** protects the bedding and permits air flow

## ULTRASORBS UF

Ultrasorbs AP technology with odor control

- **Antimicrobial Ultra-Fresh™ protection** inhibits the growth of bacteria and yeasts that can cause odors
- **Clinically proven to maintain skin integrity<sup>1</sup>** as part of an overall pressure ulcer prevention program
- **Extra-large patented<sup>2</sup> SuperCore** draws in moisture, locks it away from the skin and feels dry to the touch in just minutes
- **All the absorbency and dry comfort features** of the original Ultrasorbs AP
- **Freshens the room** for patient, visitors and staff

## ULTRASORBS LC

The brand you can trust for cost containment

- **Clinically proven to maintain skin integrity<sup>1</sup>** as part of an overall pressure ulcer prevention program
- **Standard-size patented<sup>2</sup> SuperCore®** for maximum dryness and fluid capacity
- **Air-permeable** for optimal patient comfort and zero strikethrough, compatible with low air loss mattress therapy
- **Another cost effective option for better care**

## ADULT BRIEFS

Can be worn by individuals:

- With heavy to severe urinary and bowel incontinence
- Who are bedridden
- That require maximum protection against moisture and need better containment

### HELPFUL HINTS

- Adult briefs come in many sizes and absorbency for every need.
- For the best performance, it is crucial to select and consider the appropriate absorbency, product size and proper application.
- For high risk individuals with severe urinary output, consider selecting a more absorbent core, such as in Restore.

## COMFORT-AIRE PM

### Dryness and comfort for a good nights sleep

- **Breathable side panels** for increased airflow and comfort
- **Soft cloth-like outer cover** is comfortable against skin
- **Fast acquisition & dryness layer** helps keep moisture away from skin
- **Generous leg cut-out** for exceptional comfort
- **Wide mat, maximum absorbency core** for optimal dryness and protection
- **Extra wide skin-safe “grab anywhere” closure system** for a secure, safe and refastenable fit

ITEM #	DESCRIPTION	COLOR	CASE / BAG

# LINERS

Each brand of **LINERS** have  
a range of absorbencies  
from moderate to maximum

## ADULT LINERS

Recommended for individuals:

- With moderate to severe urinary and bowel incontinence
- Who are able to walk with or without assistance
- That require protection against moisture and better containment

A variety of shapes, sizes and absorbencies help deliver the individualized care residents deserve.

### HELPFUL HINTS

- For optimal leakage protection, use the liner with knit, mesh or snap pants (avoid using with regular underwear).
- For the best performance, it is crucial to select the appropriate absorbency, product size and proper application.

## ULTRA-SOFT PLUS LINERS

### Soft and reliable

- **Soft cloth-like backsheet** for increased comfort and discretion
- **Adhesive patch** keeps liner in place
- **Ultra absorbent core** helps keep moisture away from the skin
- **Acquisition layer** to quickly lock away fluid
- **Body-contoured design** for enhanced comfort and fit
- **Wetness indicator** displays when change is needed
- **Five absorbency levels**, including bariatric option, to promote individualized care

ITEM #	DESCRIPTION	COLOR	CASE / BAG
① ULTRASOFTNORM	Normal, 14 x 25.5 (36 x 65 cm)	Yellow	96/cs, 24/bg
② UTLRASOFTPLUS	Plus, 14 x 25.5 (36 x 65 cm)	Green	96/cs, 24/bg
③ ULTRASOFTEXTR	Extra, 14 x 25.5 (36 x 65 cm)	Blue	72/cs, 18/bg
④ ULTRASOFTSUPR	Super, 14 x 25.5 (36 x 65 cm)	Lilac	72/cs, 18/bg
④ ULTRASOFTBARI	Bariatric, 20.5 x 33 (52 x 84 cm)	White	72/cs, 18/bg

## COMFORT-AIRE™ LINERS

### Great comfort and dryness

- **Cloth-like backing** for increased comfort
- **Bowl-shaped elastic construction** for a better fit and less leakage
- **Discreet outer cover** for dignity
- **Three absorbency levels** for individualized care
- **Wetness indicator** displays when change is needed

ITEM #	DESCRIPTION	COLOR	CASE/BAG

# BLADDER CONTROL & FEMININE HYGIENE PADS

## BLADDER CONTROL AND FEMININE HYGIENE PADS

Recommended for individuals:

- With light or stress incontinence
- Who are independent or may need assistance with toileting
- That require discreet protection

For light to moderate urine leakage, bladder control pads are often the first-used and least-intrusive continence product. Versions for men and women and regular to ultra-plus absorbency all offer discreet protection.

### HELPFUL HINTS

- Bladder control pads are not intended to be used inside other absorbent products.
- For the best performance, select the most appropriate absorbency.
- Available in three levels of absorbency.

## CAPRI PLUS BLADDER CONTROL PADS

Breathable, discreet, absorbent

- **Breathable cloth-like outer cover** for a dry feeling against the skin
- **Blue acquisition layer and super-absorbent core** locks fluid and keeps it away from the body to help protect the skin
- **Elastic leg gathers and contoured design** create a discreet, secure and comfortable fit

ITEM #	DESCRIPTION	CASE / BAG
BCPADE01	Regular, 5.5" x 10.5" (7 cm x 25 cm)	336/cs, 28/bg
BCPADE02	Extra Plus, 6.5" x 13.5" (8 cm x 27 cm)	168/cs, 28/bg
BCPADE03	Ultra Plus, 8" x 17" (8 cm x 33 cm)	168/cs, 28/bg

PADS

## FITRIGHT ACTIVE MALE GUARDS

Great protection in a discreet pad

- **Soft breathable back sheet** for increased comfort and discretion
- **Super absorbent core with fast acquisition layer** for optimal dryness and protection
- **Adhesive** to hold product in your underwear

ITEM #	DESCRIPTION	CASE / BAG
MSCMG02	5.5" x 10" (14 cm x 25 cm)	208/cs, 52/bg

## CAPRI BLADDER CONTROL PADS

Discreet dryness and comfort

- **Individually wrapped** for portability and discreetness
- **Elastic leg gathers** help prevent leaks
- **Super absorbent polymer** improves dryness, containment and skin care
- **Adhesive strip** keeps pad in place

ITEM #	DESCRIPTION	CASE / BAG
MSC325100	Regular, 2.75" x 9.75" (7 cm x 25 cm)	180/cs, 20/bg
MSC326100	Extra Plus, 3" x 10.5" (8 cm x 27 cm)	144/cs, 16/bg
MSC327100	Ultra Plus, 3.25" x 13" (8 cm x 33 cm)	126/cs, 14/bg

The Double-Up Liner is the only product that should be put inside another absorbent product

## DOUBLE-UP LINERS

For extra protection

- **Adds absorbency** to disposable briefs and undergarments for extended protection
- **Ultra-thin technology** improves dryness with super absorbent polymer
- **Adhesive strip** keeps liner in place
- **Soft and smooth** for a comfortable feel against the skin
- **Individually wrapped** for added convenience

ITEM #	DESCRIPTION	COLOR	CASE / BAG
MSC326015	3.5" x 11.5" (9 cm x 29 cm)		192/cs, 24/bg

## FEMININE HYGIENE

- **Maximum absorbency** for increased confidence
- **Maxi or maxithin, with wings or without**
- **Packaged individually or in bulk** for easy distribution

A full line of **DIAPERS, TRAINING PANTS**  
and **OVERNIGHT-CLASS** protection

## BABY & YOUTH

Training pants and pull-ups:

- Offer moisture protection and containment.
- Are available as a full line of diapers, training pants and overnight-class protection.
- Offering protection for neonates to boys and girls over 70 pounds.

### HELPFUL HINTS

- Provide proper pericare after each episode of incontinence.
- For the best performance, use the correct size and application.
- Avoid excessive use of petrolatum barriers that may interfere with the core performance.

## DRYTIME™ BABY DIAPERS

- **Fully breathable product** for increased airflow and comfort
- **Cloth-like outer cover** is comfortable against skin, minimizing the risk of irritation and rashes
- **Anti-leak guards** for maximum containment
- **No-tear tape surface** makes for easy fastening and refastening
- **Soft foam-elastic waistband** provides a better fit and leakage protection

ITEM #	SIZE	WEIGHT	CASE / BAG

MSC23003A	Large/X-Large 60-125 lbs	48/cs, 12/bg

# DRYWIPES & WASHCLOTHS

Medline **drywipes** and  
disposable **washcloths** are  
incredibly **SOFT** and **STRONG**

## DRYWIPES & WASHCLOTHS

Recommended for:

- Applying ointments, creams and protective barriers.
- Pericare and bathing.
- Use on fragile skin, where rough terrycloth may lead to damage.

Medline drywipes and disposable wash cloths are incredibly soft but the construction is strong enough to take on the toughest clean up episodes. They help stop cross-contamination from washcloths and basins. Dispose of dry wipes in the trash only – except NatureSoft™ Flushable, which breaks down in the toilet like toilet paper.

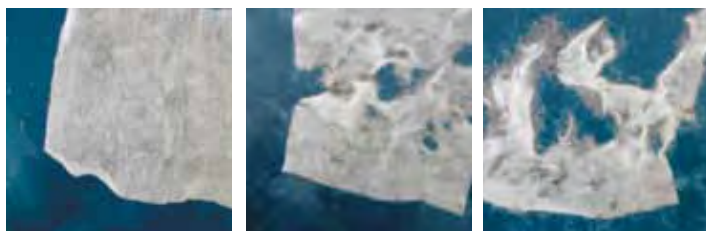

### HELPFUL HINTS

- Ultra-Soft Dry Cleansing Wipes are a great option for sensitive or fragile skin. Only intended for skin care use.
- NatureSoft Flushable Dry Wipes are flushable and biodegradable and dispose just like toilet paper.

## NATURESOFT FLUSHABLE DRY WIPES

Go ahead – flush!

- **Flushable** wipe breaks down in 15 turns
- **Plumbing-safe design** doesn't contribute to clogging, entanglement and obstruction in pipes
- **Eco-friendly** wipes are biodegradable
- **Strong** wipes are gentle to the touch but tough enough for all cleaning needs

Observable  
and measurable  
breakdown in 15 Turns!

ITEM #	DESCRIPTION	CASE / BAG
NATURESOFT913	9" x 13" (23 cm x 33 cm)	500/cs, 50/pk

## ULTRA-SOFT DRY CLEANSING WIPES

Softness, strength, absorbency – all in one!

- **Soft-Spun™ fabric** provides softness and strength similar to natural cloth
- **Softer** than reusables on fragile or sensitive skin
- **Excellent for applying** skin care treatments, creams and cleansers
- **Sensible** for any healthcare setting; it's economically superior to traditional cloths

ITEM #	DESCRIPTION	CASE / BAG
ULTRASOFT713	7" x 13" (18 cm x 33 cm)	1200/cs, 30/pk
ULTRASOFT1013	10" x 13" (25 cm x 33 cm)	500/cs, 50/pk
ULTRASOFT1214	12" x 14" (30 cm x 36 cm)	1080/cs, 90/pk

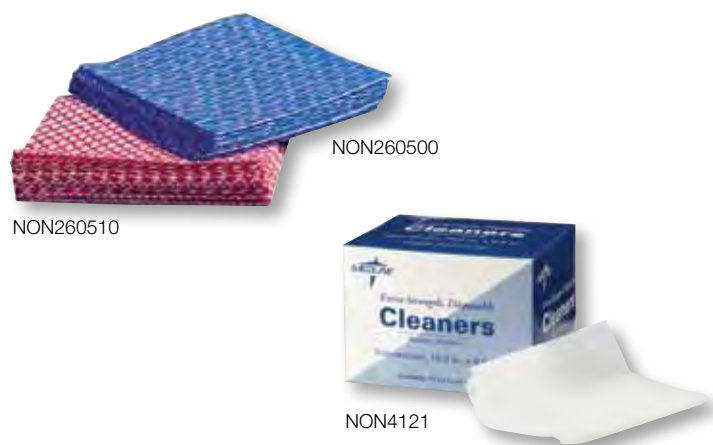

## DELUXE DRY DISPOSABLE WASHCLOTHS

Kick the terrycloth habit!

- **Convenient** disposable wipes
- **An economical choice** for your facility
- **Extra-strong** cloths resist tearing
- **Ideal for quick** clean-ups and perineal washes

ITEM #	DESCRIPTION	COLOR	CASE / PACK
NON260506	Cellulose, 10" x 12.5" (25 cm x 32 cm)	White	500/cs, 50/pk
NON260509	Cellulose, 12.5" x 13" (32 cm x 33 cm)	White	1080/cs, 90/pk
NON26360	Deluxe weight, 13" x 20" (33 cm x 51 cm)	White	300/cs, 50/pk

## MEDLINE MULTI-PURPOSE WASHCLOTHS

Sizes and colors for all your cleaning

- **Different sizes and materials** for different uses
- **Use wet or dry** for non-patient cleaning tasks
- **Durable for quick** clean-ups and perineal washes
- **Variety of colors** for quick identification

ITEM #	DESCRIPTION	COLOR	CASE / PACK
NON260500	Rayon, 12" x 13" (30 cm x 33 cm)	Blue	500/cs, 50/pk
NON260510	Rayon, 10" x 13" (25 cm x 33 cm)	Pink	500/cs, 50/pk

### LOW LINTING WIPES IDEAL FOR LABORATORY, SURFACE & PATIENT CLEANING

# UNDERPADS

## UNDERPADS

protect and absorb

fluids better than simple chux pads

## UNDERPADS

Recommended for:

- Protecting bedding and furniture
- Ideal to use for clinical procedures

### HELPFUL HINTS

- Underpads do not provide the best skin protection during episodes of incontinence.
- Please use drypads, such as Ultrasorbs, for skin care and protection against moisture.
- Underpads are available in a wide range of absorbencies and sizes.

## PROTECTION PLUS DISPOSABLE UNDERPADS

- **Non-woven facing** is soft against skin
- **Absorbent material** for fluid containment
- **Wide variety of sizes and weights** to meet every budget and need
- **Polypropylene backing** helps keep underpad in place
- **Available retail-packaged** MSC281248 and MSC281268R
- **Available with SAP polymer** for greater absorption and fewer leaks

MSC281248

# ADVANCED SKIN CARE & ODOR ELIMINATORS

A full line of products for

CLEANSING, MOISTURIZING, and

PROTECTING the skin

## SKIN CARE & ODOR ELIMINATORS

- Medline offers a full line of products for cleansing, moisturizing, nourishing and protecting the skin.
- Remedy® has been clinically proven to help relieve incontinence-associated dermatitis and irritation.
- Fresh Wave® IAQ Natural Odor Eliminator effectively removes odors from the air, laundry, carpets and upholstery and other surfaces in your facility.

Incontinence can lead to skin breakdown because of regular exposure to urine and feces. Gentle cleaning and effective skin care can help preserve skin integrity, which can also mean a reduced risk of developing pressure ulcers.

### HELPFUL HINT:

- Remedy® with Phytoplex™ offers a full line of care for the most sensitive skin.
- Remedy provides nutrients, antioxidants, and essential fatty acids to nourish the skin.
- Instead of using harsh surfactant-based cleansers, Remedy cleansers help retain the skin's natural oils and moisture.

## MEDLINE REMEDY ADVANCED SKIN CARE

### The difference between a remedy and a functional product line...

Remedy goes beyond cleansing, moisturizing and protecting the skin. Remedy adds necessary nutrients, antioxidants and essential fatty acids to help deliver nourishment to the skin.

Instead of using harsh surfactant-based cleaners, Remedy cleansers are derived from coconuts and phospholipids, helping retain the natural oils and skin's moisture.

Remedy moisturizes only with natural oils that provide essential fatty acids and help build the "mortar" in between the dead cells and reduce the excessive transepidermal water loss (e-TEWL).

In addition, Remedy skin protectants utilize silicones and zinc oxide to protect the skin from moisture, from incontinence-associated moisture, perspiration or wound exudate.

Remedy with Olivamine® has been clinically proven to help relieve different skin symptoms related to incontinence dermatitis, such as denuded skin, redness and irritation.

Remedy with Phytoplex, the newest Remedy line, has been designed without parabens, aloe, phthalates or sulfates, for patients with the most sensitive skin. Apply Remedy with our dry wipes, see page 35

### Clinical Skincare. Botanical Science.

**Soy**  
extracts  
work as a  
natural  
humectant

**Blue-green algae** rich in  
nutrients and  
vitamins

**Green tea**  
provides  
antiox-  
idants and  
more

**Clove**  
extracts help  
soothe and  
comfort

## REMEDY CLEANSERS

# CLINICAL AND EDUCATIONAL RESOURCES

## TOOLS, EDUCATION AND SUPPORT TO HELP DELIVER BETTER OUTCOMES

These clinical programs support customers with comprehensive approaches to complex issues in healthcare, in this case continence management and pressure ulcer prevention.

### CMP: THE CONTINENCE MANAGEMENT PROGRAM

The Continence Management Program from Medline was developed to empower care providers by improving competencies to promote continence. This comprehensive program provides the step-by-step process to implement a successful continence management program in order to meet the regulatory guidelines, reduce risk, improve clinical outcomes, promote cost effective care while embracing culture change. Our program includes a wide variety of tools to support you. It Includes:

- Workbooks for RNs and LPNs that follow a clinical algorithm to help develop a systematic approach to continence care. Topics include assessments, different types of incontinence, behavioral programs and a detailed overview of the MDS 3.0 section H.
- Educational DVDs covering different topics such as Tag-F315, assessment and screening, and product application and sizing. Complementary topics such as skin care, fall prevention and pressure ulcers are also introduced. It also provides easy access to Medline University, the free online CEU-granting educational resource.

- Resident and Family Education Tools with accurate, clinically reviewed incontinence information, written specifically for the non-medical reader.
- Forms and Tools to customize or reproduce as-is to create continence care plans, behavioral programs, bowel and bladder assessment, voiding diaries and more.

## PUPP: THE PRESSURE ULCER PREVENTION PROGRAM

PUPP is a comprehensive program that is designed to deliver positive clinical outcomes in the prevention of pressure ulcers in multiple environments: acute/perioperative care, homecare/hospice care, and long-term care. The program includes:

- **Education and Training** for specific audiences such as RNs, LPNs, administrators, and patients and their families. Though the messages are different for each group, the overall goal is preventing pressure ulcers before they occur.
- **Best-in-class products**, many of which are featured in this catalog including our premium briefs, Ultrisorbs drypads, and Remedy skin care products. Your Medline rep will help you determine the right mix of products for your facility and those individuals you care for.
- **Program Management** comes in the form of a dedicated program manager who works closely with you and helps you benchmark your progress and take full advantage of the many aspects of PUPP.

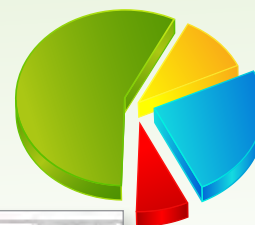

## CLINICAL RESOURCES AND VALUE-ADDED SERVICES

In addition to CMP and PUPP, there are many other Medline services you can take advantage of including:

- Over 1000 professional manufacturer's representatives throughout the US plus highly trained Incontinence Care Professionals (ICPs) ready to assist you with product selection, training and in-servicing
- Ten full-time registered nurses who are available for consultations and questions pertaining to continence management
- An exclusive "Skin Care Hotline" and access to a certified WOCN through a toll-free number, plus 60 specially trained wound care specialists in the field
- Useful publications such as *Understanding Incontinence*, a brochure for individuals and families and *Healthy Skin* magazine, published multiple times per year and written for healthcare professionals

# COST CONTAINMENT AND BEST PRACTICE REPORTING

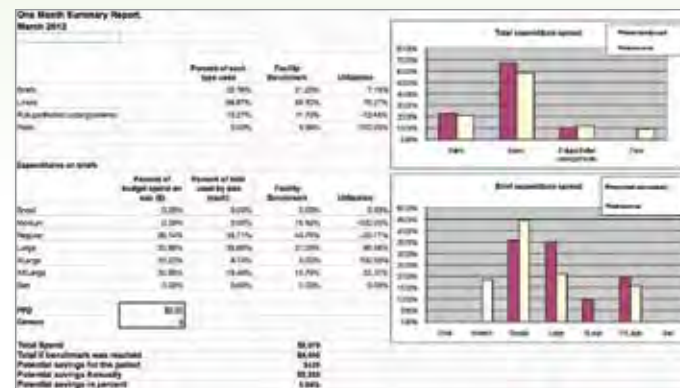

## WORKING WITH YOU TO PROVIDE INDIVIDUALIZED CARE AND MAXIMIZE YOUR BUDGET

Managing incontinence can use up to 30–40% of your facility's overall medical supply cost. That isn't even considering a 15% impact to your overall operational cost due to skin injury, falls or other liabilities.

Medline is committed to helping you manage your spending on disposable absorbent incontinence products. Despite their substantial proportion of total spending, incontinence products are frequently not used in the most efficient manner, or based on individual needs.

We're ready to help you manage your costs by:

- **Assessing your product requirements based on each individual's need**
- **Establishing custom benchmarks and PPD rates**
- **Analyzing utilization trends monthly and quarterly and sharing findings with you**
- **Offering recommendations based on your own data to capture potential cost savings**

Best Practice Report Example

Two exclusive tools we use to help you in this effort include:

- **The FitRight Assessment** tool, which provides resident-centered product recommendations and ordering quantities based on each individual's physical and cognitive status, and even generates assignment sheets for your staff to deliver resident-specific care
- **The Best Practice Report**, which shows comprehensive product utilization data and trends, tracks patient-per-day costs and compares usage against custom benchmarks for your facility—thus identifying potential cost savings

### EXPLORE BEST PRACTICE REPORTS

- 1 Download a QR Code Reader app
- 2 Launch the QR app
- 3 Scan this QR Code or visit <http://www.medline.com/incontinence/best-practice/>

## PRODUCT SIZING GUIDE

Measure the hips or waist (select the larger of the two) as follows:

- Step 1: Measure hip bone to hip bone and over the abdomen
- Step 2: Double the largest measurement obtained in Step 1 and add two inches
- Step 3: Using this number, make product size selection from the chart below

### EXAMPLE

Hip bone to hip bone = 19" (49 cm)

$19" \times 2" (49 \text{ cm} \times 2 \text{ cm}) = 38" (96.5 \text{ cm})$

$38" + 2" (97 \text{ cm} + 5 \text{ cm}) = 40" (102 \text{ cm})$

**40" (102 cm) = Medium or Regular brief**

### BRIEF SIZE SELECTION

MEDLINE BRAND
<b>SMALL</b> = 20" – 32" (51 cm - 81 cm) <i>(green or light blue)</i>
<b>MEDIUM</b> = 32" – 42" (81 cm - 107 cm) <i>(white)</i>
<b>REGULAR</b> = 40" – 50" (102 cm - 127 cm) <i>(purple)</i>
<b>LARGE</b> = 48" – 58" (122 cm - 147 cm) <i>(blue)</i>
<b>X-LARGE</b> = 59" – 66" (150 cm - 168 cm) <i>(beige)</i>
<b>XX-LARGE</b> = 60" – 69" (152 cm - 175 cm) <i>(green)</i>
<b>BARIATRIC</b> = 65" – 106" (165 cm - 229 cm) <i>(beige)</i>

# Made in the USA

In 2012, Medline opened a brand new, state-of-the-art US manufacturing facility in Douglasville, Georgia, putting more than 200 people to work. The plant is dedicated to production of the innovative FitRight technology, inspired by thousands of care providers and individuals that dedicate their lives to improve quality of care.

The eco-friendly, high-speed machines construct and package products while the adjacent 90-dock distribution center sends them on their way to every corner of the country and around the world.
