# CryoDose™ offers 360° benefits

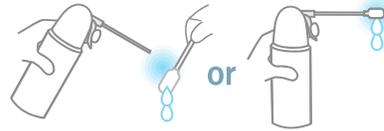

for every medical professional and their patients

## EASY USAGE

### USING TREATMENT BUDS

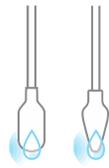

#### Step 1

**Gently squeeze trigger** to prime the bud.

#### Step 2

**Point** bud downward 15-20 seconds to reach optimal freezing temperature.

#### Step 3

**Place** bud onto lesion for recommended treatment time.

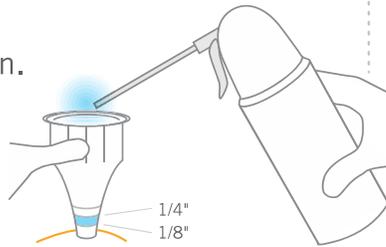

### USING DOSAGE CONES

#### Step 1

**Select** appropriate cone to completely cover lesion.

#### Step 2

**Fill** between bottom 1/8"-1/4" fill lines.

#### Step 3

**Keep in place** until evaporation is complete.
