

## Introducing the new SureTemp® Plus 690

Now taking temperatures is easier, safer, and more accurate.  
And taking care of all your patients is more convenient.

**WelchAllyn®**

Advancing Frontline Care™

- **Easy to use, intuitive operation**
- **Removable probe well reduces the risk of cross-contamination**
- **Improved accuracy for even more reliable readings**
- **Greater versatility for use with all your patients, all the time**

The New SureTemp® Plus 690—  
with the speed and accuracy  
you require, and the versatility  
you need for use with all your  
patients, all the time.

When we set out to improve the Welch Allyn SureTemp, we knew we had our work cut out for us. After all, when you start with the thermometer that helped set the standard for speed and accuracy, the expectations run pretty high.

So how did we do? See for yourself by taking a look at the innovative new SureTemp Plus 690—easier, safer and more accurate than the original, and still built to withstand constant use in demanding environments.

**Easy:** an easy-to-read LCD display with flashing icons that clearly communicate in any language, and an intuitive user interface and ergonomic shape make using the SureTemp Plus 690 a breeze.

**Safe:** patient safety is improved thanks to an interchangeable probe well that reduces the risk of cross-contamination.

**Fast and Accurate:** in addition to improved accuracy, the SureTemp 690 is one of the fastest thermometers on the market, providing 4-second oral, 10-second pediatric axillary, 15-second adult axillary, and 10-second rectal measurements.

**Versatile:** to top it all off, you can now use the SureTemp Plus 690 with all your patients, from infants to adults—whether you need to take oral, axillary or rectal temperatures.

Interchangeable probe with push-button probe cover ejection

Removable probe well for easy cleaning

Convenient storage for 25 probe covers

Large, easy-to-read LCD

C/F button for toggling between Fahrenheit and Celsius

Prominent recall button for display of last temperature taken

Ergonomic design with rubberized grips

Optional wall mount has storage space for 50 additional probe covers

Battery life indicator

User selectable icon and/or words for identification of thermometer mode

Mode selection button for selecting oral, pediatric axillary, or adult axillary

Interchangeable rectal probe and well reduces risk of cross-contamination
